Proxy Solicitation Services

Proxy Solicitation Services are available to Issuers whose securities are eligible for deposit. These services provide Issuers with the information needed to contact shareholders on corporate-related events such as annual meetings. DTC files an Omnibus Proxy with the Issuer as soon as possible after the record date for the meeting. The Omnibus Proxy assigns Cede & Co.'s voting rights to those Participants having the security credited to their DTC accounts at the close of business on the record date. The Omnibus Proxy is accompanied by a listing of Participants' positions on the record date and is provided to the Issuer without charge.

Proxy Web Services

DTC-authorized Issuers and Agents can use the Internet to request security position listings, notify DTC of Issuer meeting information and submit Issuer proxy address updates. To request Proxy Web Services access contact Proxy@dtc.org for an account.

Security Position Listing Service

DTC provides several reporting services for Issuers and/or their agents. Each report lists contact information for any Participant having a DTC position in the security credited to their account on the close of business of the record date or within a specified time frame. Additional information includes proxy department addresses, individual addresses, individual contacts and telephone numbers.

Issuers may submit a letter on [company letterhead to DTC authorizing a third party](#) (e.g., Transfer Agent) to receive any of the following reports on their behalf.
